

Meet the Invasive Species Challenge.

Know the NISC Plan, Manage the Problem.

PREPARE, PREVENT, PROTECT.

National Invasive Species Council Policy Initiatives

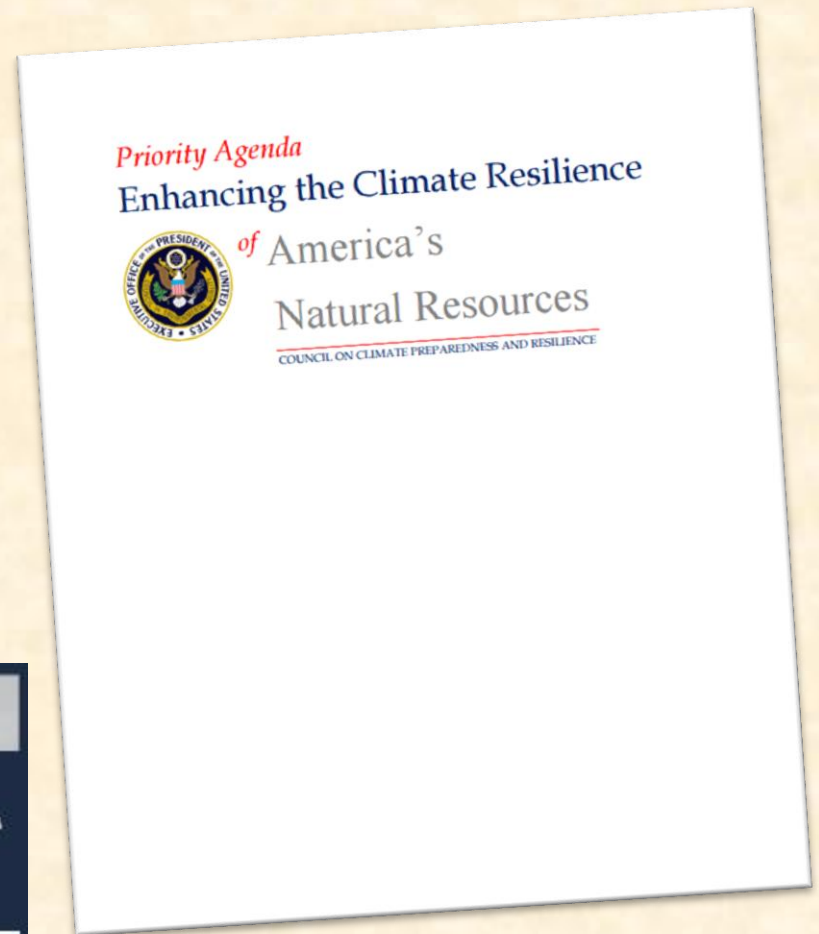

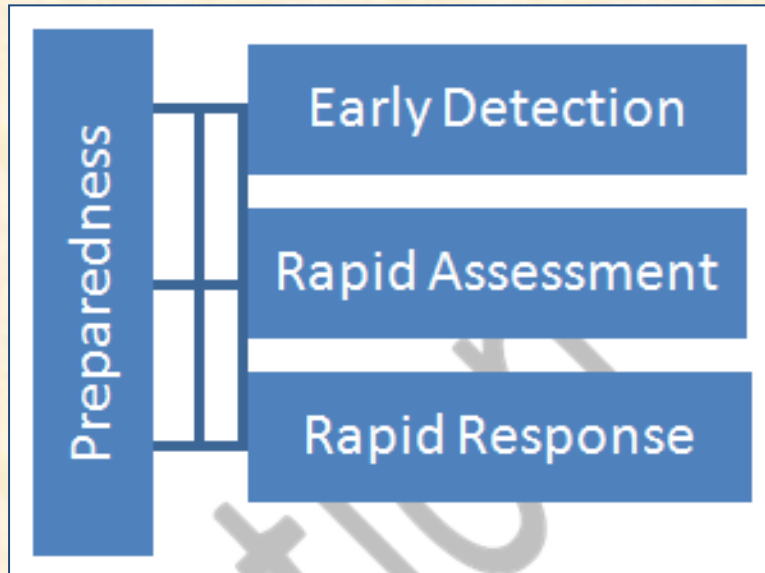

Continental Dialogue
(Denver, 17 November 2015)

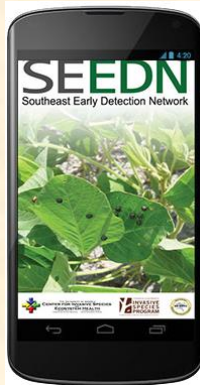

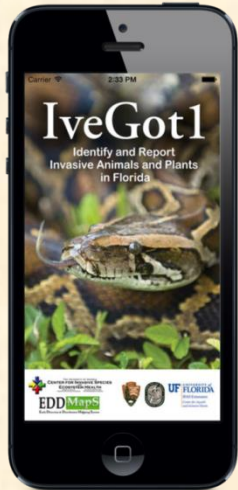

Priority Areas FY2016-17

1. Actions that will facilitate adoption and implementation of the EDRR Framework at the local, regional and Federal levels.
2. Analysis of the impact of Federal authorities relevant to the effective implementation of E.O. 13112.
3. Evaluation of the value of conducting national assessments, including socio-economic analysis, on cross-cutting invasive species issues to link science with decision-making.
4. Development of a communication strategy to strengthen the NISC's outreach efforts.
5. Ways to promote regional coordination and cooperation on invasive species at the landscape level.

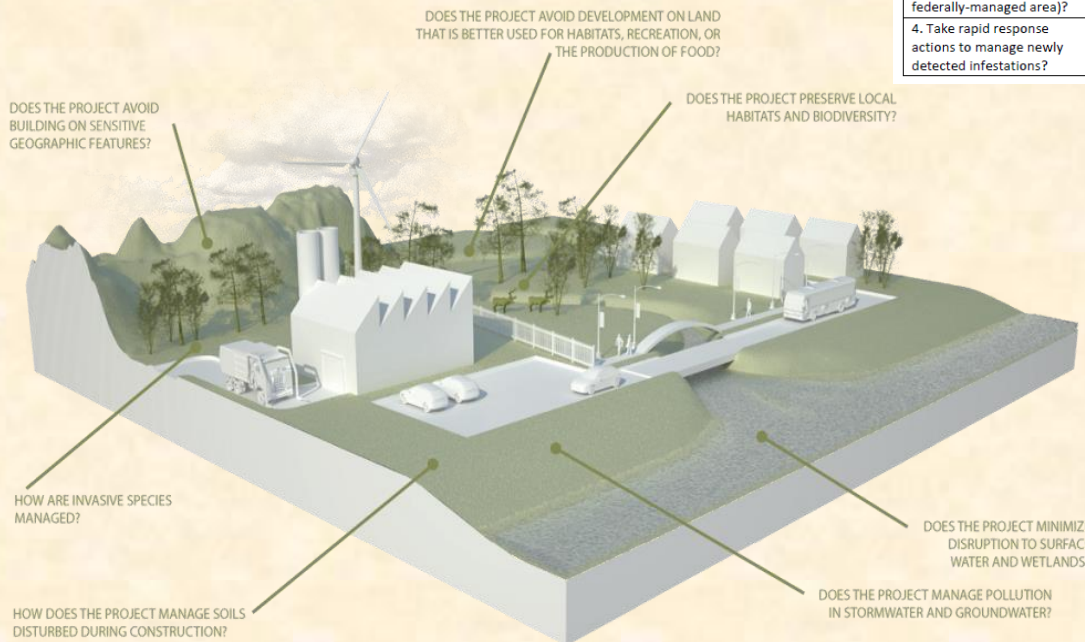

National EDRR Framework

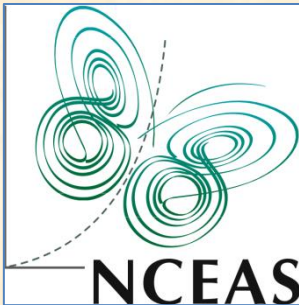

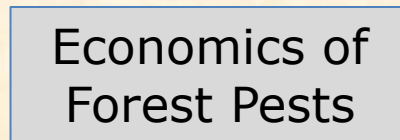

Federal Authorities

Does the agency have the authority to:	Responses (* = no response; * indicates situational)							Yes - Summary	*Situation or example of authority being applied or reason/explanation why not applied
Regulate the Movement of Invasive Species	US ACE	BLM	BOR	FS	FWS	NOAA	NPS		
1. Identify/list invasive species of potential risk to their lands/waters?	Y	Y	Y	Y	Y	Y	Y	USACE, BLM, BOR, FS, FWS, NOAA, NPS	
2. Identify/list specific lands and waters affected by invasive species?	Y	Y	Y	Y	Y	Y	Y	USACE, BLM, BOR, FS, FWS, NOAA, NPS	
3. Regulate the intentional and/or unintentional introduction or movement of species	Y*	Y	N	Y	Y	Y	*	USACE*, BLM, FS, FWS, NOAA	(USACE) contracting requirements have specifications; (NPS) has regulations prohibiting introductions into park ecosystems
a. Onto their lands/waters?	N	Y	N	Y	Y	Y	*	BLM, FS, FWS, NOAA	(NPS) regulations prohibit introduction, law enforcement may be able to take preventive action if introduction is imminent or anticipated
b. Off of their lands/waters?	N	Y	N	Y	Y	Y	*	BLM, FS, FWS, NOAA	(NPS) authority to regulate movement off unclear
c. Within its lands/waters (e.g., from one waterbody to another within the same federally-managed area)?	*	Y	N						(ACOE) voluntary inspections only; (NPS) may be
4. Take rapid response actions to manage newly detected infestations?	Y	Y	N						

National Assessments
