

Welcome to the 2021 Invasive Forest Pest Webinar Series

organized by

The Nature Conservancy & Entomological Society of America

in support of

TNC's Continental Dialogue on Non-native Forest Insects and Diseases
and ESA's Grand Challenges Agenda for Entomology

Our webinar leaders today

- **Leigh Greenwood**, Forest Health Program Director, The Nature Conservancy (TNC)
- **Erin Cadwalader**, Director of Strategic Initiatives, Entomological Society of America (ESA)

For help, use the chat to reach out to

- **Laurel Downs**, Forest Health Conservation Coordinator, The Nature Conservancy
- **Javhana Johnson**, Meetings and Membership Specialist, Entomological Society of America

*Reminder: we will be recording these webinars and posting recording and slide deck links to **continentalforestdialogue.org***

Invasive Forest Pest Webinar Series

Today's Theme: Before the Border

- 2:10- 2:40 **Continental Dialogue Strategic Planning Process, Explained:** Leigh Greenwood, Forest Health Program Director, The Nature Conservancy.
- 2:40- 3:10 **International Cooperation and Risk Analysis:** Dr Jiri Hulcr, Associate Professor, University of Florida.
- 3:10-3:40 **High-Impact Insect Invasion Working Group:** Dr Angela Mech, Assistant Professor of Forest Entomology, University of Maine
- 3:40 onwards **Discussion**

Tomorrow's Theme: First Points of Contact – sign up to join!

Thank you all for participating!

Special thanks to our funding agencies, US Forest Service and USDA APHIS, for their continued support of this important work.

Please type questions or comments into the Chat or Q&A box. **If you'd like to be taken off mute for your question or comment**, just type your request into the Chat so that Laurel or Javhana can unmute your line when ready.

Before we go to Q&A, a quick review of the schedule is next!
